TOURISM

About Torino:

Torino is the capital of the Piedmont Region and was the former capital of the Duchy of Savoie, the Kingdom of Sardinia and, from 1861 to 1865, the first capital of the Italian Kingdom. The city was founded by the Romans in 28 BC as a military camp and the typical Roman grid of streets crossings at right angles was maintained for many years and it is still one of the main features of the modern city. It is surrounded on the West and North by the Alps and on the East by hills (Monferrato area). The Po river passes through the city.

There are many interesting sights in the city center: Egyptian Museum (the richest of Egyptian collection in the world after Il Cairo's museum), Mole Antonelliana hosting the Museum of Cinema, Baroque architecture (the Chapel of The Holy Shroud, San Lorenzo church, Palazzo Carignano, Savoie Royal Residences). In the surrounding area, Reggia di Venaria and Palazzina di Caccia di Stupinigi are two of the most important royal residences.

Please note that the access to the museums and royal residences is allowed only with an EU-valid Green Pass. Booking in advance is requested.
